

Examination Regulations

Unfair means, seating arrangements, and minimum passing criteria — All Semester Examinations

Document Code	CU/ACAD/EXAM/2025-26
Applicable To	All UG & PG students appearing in CIA/Mid-Term and End Semester Examinations
Effective From	01 August 2025
Approved By	Controller of Examinations
Version	2.3

1. Seating Arrangement

1.1 Seating for the End Semester Examination is allotted centrally by the Examination Cell and published on the Student Portal and examination hall notice boards at least 3 days before the first paper.

- Students are seated by roll number in a zig-zag / alternate pattern across rows, with a minimum gap of one vacant seat on either side wherever hall capacity permits.
- Where two examinations are held simultaneously in adjoining halls, different courses/subjects are interleaved row-wise to minimise the possibility of copying between adjacent candidates.
- A student must occupy only the seat number printed on their admit card; occupying another seat without permission from the Room Superintendent is itself recorded as an irregularity.
- Bags, books, notes, and mobile phones must be deposited at the front of the hall before the exam begins; only admit card, ID card, and permitted stationery are allowed at the desk.

1.2 Entry to the examination hall closes 15 minutes after commencement of the paper; no candidate is permitted entry thereafter, and no candidate is permitted to leave within the first 30 minutes or the last 10 minutes of the examination.

2. Use of Unfair Means (UFM)

2.1 "Unfair means" includes, without limitation: possession of unauthorised material (written notes, programmed devices, mobile phones) in the examination hall; copying from another candidate or allowing one's own answer script to be copied; impersonation; disorderly conduct towards invigilation staff; and any act calculated to secure an unfair advantage in an examination or continuous assessment (including plagiarism in project reports/assignments).

2.2 An invigilator detecting a suspected UFM case must seize the material/device, record a written report co-signed by the candidate (or noting refusal to sign), and forward the answer script and evidence to the Controller of Examinations the same day. The candidate is permitted to complete the remainder of the examination under observation, without prejudice to the outcome of the enquiry.

2.3 Penalty Structure

Category	Nature of Offence	Penalty
Category A	Possession of chits/notes (unused), unauthorised stationery	Cancellation of that paper; grade "UM" for the course
Category B	Copying from another candidate / mutual copying; use of unauthorised material or device	Cancellation of all papers of the semester examination
Category C	Impersonation, use of forged admit card, or misconduct towards invigilation staff	Disqualification for 2 consecutive semesters; disciplinary action
Category D	Leakage/circulation of question paper, or repeat offence under Category B/C	Expulsion from the University for a period determined by the Disiplinary Committee

2.4 All UFM cases are heard by the Unfair Means Committee, which affords the candidate an opportunity to be heard before a penalty is confirmed. A candidate found using unfair means loses the right to "benefit of doubt" grading and, for Category B and above, is also debarred from being considered for scholarships/merit awards for the academic year in question.

2.5 A candidate may appeal the Committee's decision in writing to the Controller of Examinations within 7 working days of communication of the penalty; the appeal is placed before an Appellate Committee whose decision is final.

3. Minimum Passing Marks

3.1 To clear a course, a candidate must secure:

- A minimum of **40% aggregate** marks (Continuous Internal Assessment + End Semester Examination combined), corresponding to Grade "P" or above, **and**
- A minimum of **30% marks in the End Semester Examination component alone**, even where the combined aggregate crosses 40% — a candidate scoring below this ESE floor is awarded grade "F" irrespective of internal marks.
- For laboratory/practical courses, a separate minimum of 40% in the practical/viva-voce component is required in addition to the theory component, where the course carries both.

3.2 There is no separate minimum threshold within Continuous Internal Assessment alone; however, a candidate scoring zero in CIA due to non-submission of assignments or non-appearance in a Mid-Term test is not exempted from the ESE floor above.

3.3 Candidates who fail to meet the criteria in Clause 3.1 are classified as having grade "F" and must reappear in the ESE for that course in the next available examination cycle (backlog/reappear), on payment of the prescribed reappear fee.

4. Re-evaluation & Rechecking

4.1 A candidate may apply for rechecking (verification of totalling and ensuring all answers are evaluated) within 10 days of result declaration; revaluation (re-assessment by a second examiner) is permitted only for theory papers, not for practicals, vivas, or CIA components, and is subject to the fee notified in the Fee Circular.

4.2 Where revaluation results in a change of 10% or more in the marks originally awarded, the revaluation fee is refunded to the candidate.

This document summarises the Examination Regulations for general student awareness. The detailed Unfair Means enquiry procedure and the full Examination Manual are maintained by the Examination Cell. Queries: examcell@chitkara.edu.in
